Roll Out Protocol	-

What critical incidents require roll out by the Office of the Independent Monitor?

1. Officer/Deputy-Involved Shooting where the involved officer intentionally shoots at a human being or accidentally shoots and hits a human being.
2. Officer/Deputy-Involved Uses of Force resulting in death or serious bodily injury.
3. In-Custody deaths, including suicides and inmate-on-inmate homicides.
4. Vehicular Pursuits resulting in death or serious bodily injury.
5. Any on-duty officer-civilian involved traffic collision resulting in death or serious bodily injury where it is likely that the officer was at-fault.
6. The Monitor and Senior Deputy Monitor will be notified whenever there is reason to believe that mandatory monitoring will be necessary. E.g., re: any incident where an officer is under investigation for a felony, any offense set forth in Article 3 (Title 18) of the Colorado Revised Statutes (offenses against the person), or any incident involving a misdemeanor in which a use of force or threatened use of force is an element of the offense. The Monitor and Senior Deputy Monitor will determine, in their discretion, whether to roll out to these incidents.
